

Lesson 5 – Fill in the missing 3 letter word.

In this exercise you need firstly to find the word which has been shortened and then think of a 3 letter word which, when inserted in the shortened word, will complete both it and the sentence.

Example: Try to keep your hwriting neat and tidy. _____

In this sentence, the word hwriting is not correct. Try to think what it should be. Yes, the word should be *handwriting*. The missing letters are *and* which also spells a 3 letter word – ‘and’. To complete our answer we must write this word on the line at the end of each sentence.

Try to keep your hwriting neat and tidy. and

Hints: The 3 missing letters always spell a word and they are always kept in the same order. Try to read the sentence at normal pace first and you should discover the shortened word quite quickly. Always think of which word would make sense in the context of the sentence.

Now look at the questions on the next page. Try to do each one as quickly as you can but make sure you finish them all. Time yourself. You need to be able to complete 20 in 10 minutes. When you have finished write your time in the box at the top.
