

## Lesson 7 – Making one word from the letters of another.

In this exercise, you need to use the letters of the word in bold on the left of the page. From these it is only possible to make one of the words on the right. Circle the word which can be made.

Helpful hints:

1. You may only use each letter once. If a letter appears more than once it may be used as many times as it occurs in the word.
2. You don't need to use every letter in the word on the left.
3. Cross off the letters as you go; as soon as you realise you cannot make one word, move on and look to the next.

Example:

**disappointed**    puppet    position    painted    apartment

In this case the correct answer would be *painted* as puppet has too many 'p's, position too many 'o's and apartment too many 'a's.

Now look at the next page. Try to do each one as quickly as you can but make sure you finish them all. Time yourself. You need to be able to complete 20 in 10 minutes. When you have finished write your time in the box at the top.
