

## Maths Test Answers and Question Breakdown

Answers are given in the first column and the second column details the mathematical area needed to be reviewed if the question was answered incorrectly. Additional techniques and methods can be found on the PJW Education website but membership is required for these. See the website at... [www.pjweducation.co.uk](http://www.pjweducation.co.uk)

Question	Answer	Area for Review
1	C	Subtraction
2	E	Simple Proportion
3	C	Simplifying Fractions
4	C	Area and Perimeter
5	D	Multiplication
6	D	Algebra – Substitution
7	D	Reading Bar Graphs
8	C	Place Value
9	A	Reading Difference in Bar Graphs
10	B	Simple Algebraic Sentences
11	A	Rotational Symmetry
12	D	Median Average
13	E	Percentage of a Number
14	D	Cube Numbers
15	C	Angles of a Triangle
16	D	Place Value
17	B	Inverse Operations
18	B	Multiplication and Subtraction
19	E	Making Simple Equations (Algebra)
20	D	Percentage and Fraction of Whole Numbers
21	E	Factors
22	C	Division
23	B	Rounding
24	A	Reverse Fractions with Whole Numbers
25	E	Simple Percentages
26	E	Ratios and Metric Measurements
27	D	Volume
28	D	Area of Irregular Shapes
29	E	Reflective Symmetry
30	D	Estimating

31	D	Perimeter
32	A	Scales
33	E	Probability and Percentages
34	C	Angles of a Straight Line
35	E	Properties of 3D Shapes
36	D	Subtraction
37	E	Fractions of a Whole Number
38	C	Non Exact Division
39	C	Area
40	C	Mazes
41	C	Coordinates
42	B	Addition
43	A	Simple Arithmetic
44	D	Differences
45	B	Addition and Subtraction
46	C	Ratios
47	A	Coordinates
48	C	Non Exact Multiplication and Division
49	E	Probability
50	A	Questions with Multiple Processes
